

McScM - Feature # 80: JSON output of counter-examples

Status:	New	Priority:	Low
Author:	Alexander Heußner	Category:	
Created:	03/19/2014	Assignee:	
Updated:	03/19/2014	Due date:	
Subject:	JSON output of counter-examples		
Description:	Due to user request: outputting the counter-examples in a simple, easily parsable format like JSON would be nice for external apps using McScM as plugin.
